DETAILED ACTION

Allowable Subject Matter

- 1. Claims 5-7 are allowed.
- 2. The following is an examiner's statement of reasons for allowance:

Claim 5 particularly requires 'calculating [a] difference' between displayed program start/end times and the displayed start/end times of the electronic program guide. The particular 'difference' is subsequently displayed. In light of applicant's arguments and the specification, the claimed 'difference' that is displayed was interpreted by the examiner as requiring a numerical value, such as that illustrated in Figure 1, as opposed to solely some other form of conventional graphical/iconic indicator (IA: Page 2, Para. 2). As noted in applicant's arguments of 05 June 2006 (Page 5, Para. 3), the Lawler et al. reference only provides for the claimed 'display portion' for each program when selected individually. Accordingly, the art of record does not fairly teach or suggest the claim taken as a whole and in particular the limitation "wherein the display portion is generated simultaneously for two or more cells within the grid".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
